

PSAT

Attention All students Grades 8-11. The PSAT will be administered this Wednesday October 16th. Please remember that it assesses college readiness and gives insight as to where extra support might be needed in reading, writing and math.

A Friendly reminder about calculators for the math portion of the PSAT; all questions can be solved without a calculator, but a scientific or graphing calculator is allowed on one of the two portions of the math test. Icons on the answer sheet and in the test book indicate when a calculator is allowed. Below is a list of acceptable Calculators:
