Mon, May 18	Mountain Time: 2:00 p.m.	Environmental Science
Thurs, May 21	Mountain Time: 12:00 p.m.	World History: Modern

Taking the AP Exams

Exam Features

AP curricula are locally developed, and we defer to local decisions on how best to help students complete coursework. To be fair to all students, some of whom have lost more instructional time than others, the exam will only include topics and skills most AP teachers and students have already covered in class by early March.

Like many college-level exams, this year's AP Exams will be open book/open note. [Get tips for taking open book/open note exams.](#)

Students will be able to take exams on any device they have access to—computer, tablet, or smartphone. They will be able to either type and upload their responses or write responses by hand and submit a photo via their cell phone.

Free Online AP Classes

Students and teachers can now attend optional free, live AP review courses, delivered by AP teachers from across the country. Learn more about using AP Classroom to support remote instruction. For more details about your exams, visit [Taking AP Exams](#), and see our [FAQ page](#) for more questions
