

Harmony Parents,

In order to simplify how you can view your child's grades, we will be using Skyward as the main grading platform moving forward. Schoology will still be in use for classroom and instructional purposes however, grades will be entered and viewable in Skyward.

As a reminder, parents can access Skyward through Skyward Family Access and through the Skyward Mobile App. You can locate the Skyward Family Online Access Guide and the Skyward Mobile App Guide on our school website at <https://hsielpaso.harmonytx.org/parents/> toward the bottom of the page.

We will be holding Skyward informational sessions for parents that may need assistance with navigating the software. Further details will be provided.

Thank You

Harmony School of Innovation – El Paso
